

FILTEC[®]+

Monokit Assortment Kits

A range of assortment kits for FILTEC⁺ thread inserts.

APPLICATIONS

These kits are essential for maintenance departments in factories, garages, workshops etc.

They are designed for repairing and restoring initial dimensions to all the tappings that have been damaged, improperly threaded etc.

They provide the necessary equipment to repair most common dimensions.

PRODUCT SPECIFICATIONS

With each assortment kit, you will be able to use several diameters of FILTEC⁺ thread inserts.

Kit N°	Ø and nominal pitch	CODE	CONTENT
